Producing Innovative + Turn-Key Identification Products

PRIMARK is your one stop shop for all identification products. We understand your business and know that labeling is often an afterthought, so our team is here to simplify the process and help you manage costs effectively!

PRIMARK COILED PIPE MARKERS

PRODUCT 01: INFORMATION SHEET

Labor Savings You Can't Ignore!

LABOR SAVINGS YOU CAN'T IGNORE!

PRIMARK Coiled Pipe Markers are designed to make it quick, easy and cost effective to identify pipe systems in all types of environments. Let us help you keep costs down and get the job done, avoiding scrambling at the end of a project.

FEATURES:

- Made from rigid PVC Vinyl
- Available in 100+ standard legends and in 8 standard sizes
- Custom legends and colors can be easily manufactured to meet any specification requirement
- Flow direction arrows printed on each marker
- Flat markers with strap on cable ties available for pipe diameters of 6"+

ADVANTAGES:

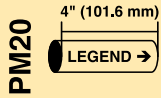

- Long lasting and durable
- Ideal for rusty, dirty and sweaty pipes where adhesive cannot be used
- No pipe surface prep required
- Coiled construction quickly snaps and grips around pipe
- Can be removed and re-installed during line preparation
- Reduces installation time and saves you money!

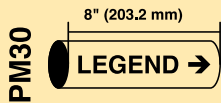

INDUSTRY STANDARD COLORS:

STANDARD SIZE CHART:

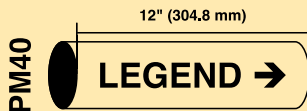

4"W x 3"L (101.6 mm x 76.2 mm)
Fits 3/8" - 5/8" OD (9.53 mm - 15.875 mm)

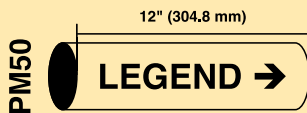

8"W x 8"L (203.2 mm - 203.2 mm)
Fits 3/4" - 2" OD (19.05 mm - 50.8 mm)

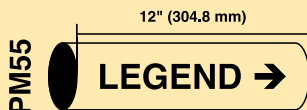

12"W x 17"L (304.8 mm - 431.8 mm)
Fits 2" - 4" OD (50.8 mm - 101.6 mm)

12"W x 20.5"L (304.8 mm x 520.7 mm)
4" - 6" OD (101.6mm - 152.4mm)

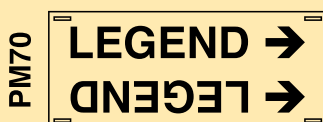

12"W x 20.5"L (304.8 mm x 520.7 mm)
Fits 2" - 6" OD (50.8 mm - 152.4mm)

17"W x 8"L (431.8 mm - 203.2)
6" - 10" OD (152.4 mm- 254 mm) - 2. Tie straps included

24"W x 10"L (609.6 mm x 254 mm)
10" - 18" OD (254 mm - 457.2 mm) 4 tie straps included

32"W x 10"L (812.8" mm x 254 mm)
8"+ OD (457.2 mm+) 6 tie straps included

PRODUCT DESCRIPTION:

Manufactured on durable 16 or 19 mil PVC vinyl that is coiled for simple application. Our unique manufacturing process allows the marker to easily coil around the pipe. It comes in various sizes based on the overall diameter of the pipe and in any color with any legend. For pipe sizes over 6" in diameter, our markers are manufactured flat and tie around the pipe with cable ties.

Compared to traditional methods of using stickers or stenciling, PRIMARK pipe markers do not require any surface cleaning, prep or tools for application, drastically reducing installation time and labor costs.

PHYSICAL PROPERTIES:

Material Thickness	16 mil, 19 mil, .0016", 0.020" (0.4064mm, 0.4826mm)
Service Temperature Range	-40°F to 160°F (-40°C to 71°C) **
Flame Spread	ASTM E-85 Tested Rating at 25 or less
Water Resistance	Excellent
Chemical Resistance	Excellent
ASME A13.1 Standard	Complies
CAN/CGSB-24.3-92 Standard	Complies
Flow Direction Arrows	Yes

* Not recommended for constant temperatures of over 185°C (71°F)

We can **customize** your pipe markers to any color, or legend specifications.

Just ask!
